

Sustainable Strategies

We help you create sustainable, inclusive spaces that support health and wellness. Because everyone deserves the chance to do their best work.

Nicole DeNamur, Owner

JD, WELL AP and Faculty
LEED Green Associate
Fitwel Ambassador
EcoDistricts AP

What sets us apart:

Owned by award-winning educator, author and community leader
2021 Honorary AIA Seattle
2022 Educator of the Year (International WELL Building Institute)
2023 LGBTQ+ Outstanding Voices (Puget Sound Business Journal)

What we do:

- Assessment of office spaces (large, small, portfolios), develop recommendations based on resources and priorities.
- Alignment with Environmental, Social and Governance (ESG) metrics and third-party certification.

- Leverage latest research to develop strategies that add long term business value, manage risk and support ESG goals.
- Evaluate intersections with equity, diversity, inclusion and belonging.

- Deliver training and education to support design strategies and foster engagement.
- Professional speaking engagements.
- Support for meaningful and equitable Return to Office and hybrid work strategies.
